

 **SA KA** ARMS

A new perspective with the legacy taken from our ancestors. Having been well established in the market, with its in-house experienced engineers, designers, and gunsmiths, SAKA Arms has the full capacity to design and manufacture all components of any shotguns in its high-tech equipment, development and production facility.

Since its establishment, adopted customer satisfaction as its number one priority, our company continues its facility with the principle of meeting all kinds of shotgun needs at the most reasonable price policy without compromising on quality. It's one of our principles to use high-quality raw materials which matches world standard in arms production.

The product range covers single barrel, pump-action, inertia driven and gas operated semi-automatic, and vertical magazine-fed/Bullpup shotguns. SA-KA is an export oriented factory and exports 99,5% of its products to almost every continent.

In addition to manufacturing and exporting under our brands, SA-KA makes co-production partnerships with world famous firearms brands. In this context, We manufactured around 200,000 shotguns for our partner under their brand in around 10 years.

Either sporting, hunting, defense purposes, law enforcement or competition, we will devote ourselves to satisfy your demands. Saka Arms provides full customer service for all its brands. We are open to hearing any kind of feedback from you. We know that any criticism will lead us to excellence.

About Us

We aim to keep progressing our quality and service standards and our team will proudly continue to have the honor of serving all valuable customers with Saka Arms quality and guarantee for the years to come.
